

Please note: Certificate II enrolments in Building & Construction, Automotive and Engineering are secondary school programs delivered over two years. Therefore students are midway through the program and hence no completions were expected in 2010. Similarly many of our students are trainees in the workplace across our Cert II to IV qualifications completing their training over a period of 1-2 years and therefore do not necessarily have completion dates in the 2010 calendar year.

In the Barista, Responsible Serving of Alcohol and Safe Food handling programs the completions are not recorded due to our internal process of entering and resulting students in these programs in 2010. Actual completions are nearing 100% for these programs and our processes have been altered to ensure completions can be reported in the future.
